RINGO 500

- Universal manual coil and drum unwinder

Functionality:

This universal unwinder enables to unwind drums and coils twisting-free at the place of processing.

- Compact design
- Dynamic roll-off brake for a steady tensile force (braking effect is adapted to the supported weight)
- Low weight
- Small dimension
- Also suitable for damaged drums
- Maintenance-free
- Slipping-free
- Outdoor use possible

Technical data	RINGO 500
Part No.	85102215
Load weight	max. 380 kg
Coil outer Ø	max. 500 mm
Coil inner Ø	min. 120 mm
Drum bore	min. 45 mm*
Weight	approx. 7 kg

* The spike is removable: so drums with a bore from 13 mm can be used.
